

Math 3070/6070 Introduction to Probability

Fall 2025

"I know mathematically that A is more likely,
but I gotta say, I feel like B wants it more."

Class Information

- Meeting time: Mondays, Wednesdays, and Fridays 9:00 AM - 9:50 AM
- Classroom: Room 204, Richardson Memorial Hall

Instructor Information

Course Description

This course will provide a calculus-based introduction to probability theory. Material covered will include fundamental axioms of probability, discrete and continuous random variables, multivariate distributions, expectation, and limit theorems, generally following Chapters 1-5 of the textbook. This course is a critical prerequisite for more advanced work in statistical theory and analysis.

Corequisite

Students only receive full credit for the course when they co-register either one of the followings:

- MATH 3071/6071-01 Intro to Probability Recitation
- MATH 3071/6071-02 Intro to Probability Recitation

Recitation Information

MATH 3071/6071-01 Intro to Probability Recitation

- Meeting time: Thursdays 12:30 PM - 1:45 PM
- Classroom: Gibson 126A

MATH 3071/6071-02 Intro to Probability Recitation

- Meeting time: Tuesdays 2:00 PM - 3:15 PM
- Classroom: Norman Mayer Building 118

Textbook

Casella, G., and Berger, R. L. (2000). *Statistical Inference*, 2nd edition. Duxbury.

Topics

- axioms of probability
- discrete random variables
- continuous random variables
- multivariate distributions
- expectation
- limit theorem

Course Objectives

By the end of this course, you will be able to:

- Proficiently define random variables and their distributions
- Have a solid background to continue with Statistical Inferences

Tentative Schedule

No Class Days There will be no lectures or recitations on the following days based on the Tulane Academic Calendar of Fall 2023.

- Monday, September 1 (Labor Day Holiday)
- Friday, October 3 (Fall Break)
- Monday, November 24 - Friday, November 28 (Thanksgiving Holiday)

Grades

The final letter grade will be a weighted sum of **Attendance, Homework, Quiz and Exam**. The distribution of each letter grade is below

Grade	Score range
A	[93, 100]
A-	[90, 93)
B+	[87, 90)
B	[83, 87)
B-	[80, 83)
C+	[77, 80)
C	[73, 77)
C-	[70, 73)
D+	[67, 70)
D	[63, 67)
D-	[60, 63)
F	[0, 60)

Attendance, 5% Attendance is mandatory. Students are expected to attend classes either in-person or via zoom. There will be occasional sign-in sheet distributed in class.

Homework, 20% Students are required to submit hand-written homework in recitations. Homework assignments are expected every two weeks with 4 - 5 problems at a time.

Recitations, 10% Please refer to your TA's measure for Recitation credits.

Exams, 65% There will be two midterm exams and a final exam. Midterm exams will be held during class meetings. Students who are unable to attend any scheduled exams must provide advance notification so that a make-up exam may be scheduled. Unexcused absences on exam dates may result in a failing grade for the exam. See the exam schedules in the table below.

Exams	Date	Time	Weight
Midterm 1	Monday, September 29, 2025	9:00-9:50 AM	20%
Midterm 2	Wednesday, November 12, 2025	9:00-9:50 AM	20%
Final start	Saturday, December 6, 2025	Take-home	25%
Final due	Friday, December 12, 2025	Take-home	

ADA/Accessibility Statement

Tulane University strives to make all learning experiences as accessible as possible. If a student anticipates or experiences academic barriers based on one's disability, please let the instructor and Goldman Center know immediately, so there will be discussions of any possible options privately. The instructor will never ask for medical documentation from students to support potential accommodation needs. Instead, the instructor may request that students register with the Goldman Center for Student Accessibility to establish reasonable accommodations. After registration, make arrangements with the instructor as soon as possible to discuss students' accommodations so that they may be implemented in a timely fashion. Goldman Center contact information: goldman@tulane.edu; (504) 862-8433; accessibility.tulane.edu.

Religious Accommodation Policy

Per Tulane's religious accommodation policy, the instructor will make every reasonable effort to ensure that students can observe religious holidays without jeopardizing their ability to fulfil their academic obligations. Excused absences do not relieve the student from the responsibility for any course work required during the period of absence. Students should notify the instructor within the first two weeks of the semester about their intent to observe any holidays that fall on a class day or on the day of the final exam.

Title IX

Tulane University recognizes the inherent dignity of all individuals and promotes respect for all people. As such, Tulane is committed to providing an environment free of all forms of discrimination including sexual and gender-based discrimination, harassment, and violence like sexual assault, intimate partner violence, and stalking. If you (or someone you know) has experienced or is experiencing these types of behaviours, know that you are not alone. Resources and support are available: you can learn more at allin.tulane.edu. Any and all of your communications on these matters will be treated as either "Confidential" or "Private" as explained in the chart below. Please know that if you choose to confide in the instructor, the instructor is mandated by the university to report to the Title IX Coordinator, as Tulane and the instructor want to be sure you are connected with all the support the university can offer. You do not need to respond to outreach from the university if you do not want. You can also make a report yourself, including an anonymous report, through the form at tulane.edu/concerns.

Confidential	Private
<i>Except in extreme circumstances, involving imminent danger to one's self or others, nothing will be shared without your explicit permission.</i>	<i>Conversations are kept as confidential as possible, but information is shared with key staff members so the University can offer resources and accommodations and take action if necessary for safety reasons.</i>
